Consulting Psychiatrist and DHS Formulary

The MHIP Facts

- The PCP must oversee the care of the patient and prescribe psychotropic medications.
- There must be a consulting psychiatrist.
- MHIP is compromised of session-to-session screening, behavioral activation and/or PST or other EBP as appropriate to the pt. needs.
- A pt. cannot receive Tier 2 MHIP from one agency and meds from another agency.

Transfer of patients from Tier 2 to Tier 1

- Ensure that linkage has been made to Tier 1 provider prior to closing the case with the Tier 2 provider.
